### 15. Participation in Technology Development:

Sl. No.	Technology
1	Adjustment of flowering in parental lines of hybrid rice by P-fertilizers.
2	Adjustment of flowering in parental lines of hybrid rice by N-fertilizers.
3	Rate and timing of GA <sub>3</sub> application in CMS seed production.
4	Hybrid rice seed production technology in farmers field.
5	Rate of nitrogen for hybrid rice production.
6	Seedling age for hybrid rice production.
7	Weed control by herbicides.
8	Variety development: BRRRI hybrid dhan1, BRRRI dhan42 – 85, 88, 90-91, 93-95, 97-99, 100

### 16. Any other relevant activities/Information:

1. Teaching – Have teaching experience at Rajshahi University as guest lecturer for 1 year.
2. Resource person in training – Conducted many training for farmers, SAAO and Officers in regional station and worked as resource speaker in Training Division.
3. Management of research station – Helped the Head of the regional station and plant breeding Division in different activities.
4. Action plan preparation – Prepared work plan for varietal development program.
5. Computer skill – Completed computer application course on MS Word, MS Excel, MS Power Point, Internet, MSSTAT, GENSTAT, SPSS, etc.
6. Worked as member in different national and institutional committee like field evaluation committee of National Seed Board, different national celebration committee etc.
7. Handling different project as principal investigator and Co-investigatior.
8. Conducted different INGER trial as Cooperator.
9. Experience on breeder seed and TLS production.
10. Prepared many technical research reports.
11. Conducted many radio talks at Bangladesh Betar.
12. Assessed climatic factors for two line hybrid rice in Bangladesh.
13. Participated in flood rehabilitation program by seedling raising and distribution to the farmers.
14. Completed the Training Course on Motor Driving with driving license.
15. Participated in different workshop.
16. Participated in different field day.
17. Attended in program area and interaction meeting.
18. Attended in ATC, DTC and District Coordination meeting.
19. Got BRRRI award 2015 for outstanding contribution to rice research and development.

### 17. Field of Specialization:

Have specialization on molecular and conventional breeding, hybrid rice breeding, GMO and bio-fortification research. I lead field trials of Transgenic and Non-transgenic rice, Marker Assisted Backcrossing in Molecular Biology Laboratory and monitor research activities in transgenic

screenhouse of BRRI. I am a leader of the research programs namely Golden Rice, Zinc Enriched Rice, Rainfed Lowland Rice, Drought Tolerant Rice and Premium Quality Rice. I attended in various International and National on-the-job training like ‘Marker Assisted Introgression of Drought Grain Yield QTLs in BR11’ and ‘Product profiling for rice varieties in Bangladesh’ in International Rice Research Institute (IRRI), Philippines. I have also specialization on Agronomy, Plant Physiology and Soil Science. I was Project Manager of Integrated Agricultural Productivity Project- BRRI Part (IAPP-BRRI). I am also a project leader of Golden Rice and HarvestPlus project.
