

SUMMARY OF CURRICULUM VITAE

DR. MD. ABDUL LATIF

1. **Qualifications** : BSc (Ag) (BAU), MS (BSMRAU), PhD (UPM)
2. **Specialization** : Plant Pathology and Molecular Biology
3. **Date of Birth** : 30 December 1965
4. **Nationality** : Bangladeshi
5. **Marital Status** : Married
6. **Address (Office)** : CSO and Head,
Plant Pathology Division
Bangladesh Rice Research Institute
Gazipur-1701, Bangladesh

7. University Education:

Degree obtained	University	Year	Area of Specialization
Doctor of Philosophy	Universiti Putra Malaysia (UPM)	2001	Molecular Biology
Master of Science	BSMR Agricultural University (BSMRAU)	1992	Plant Pathology
Bachelor of Agricultural Science	Bangladesh Agricultural University (BAU)	1987	Agriculture

8. Employment experiences:

Employer	Designation and grade	Duration	Major areas of research
BRRI, Gazipur, Bangladesh	Chief Scientific Officer and Head	Till to date	Plant Pathology and Molecular Biology
UPM, Malaysia	Senior Research Fellow	May 2012 April 2014	Molecular Plant Pathology, and marker assisted selection for varietal improvement of rice
UPM, Malaysia	Post-doctoral Researcher	Feb. 2010- January, 2012	Molecular Plant Pathology, and marker assisted selection for varietal improvement
BRRI, Gazipur, Bangladesh	Principal Scientific Officer	2006 to 2014	Plant Pathology and Molecular Biology
BRRI, Gazipur, Bangladesh	Senior Scientific Officer	1999 to 2006	Plant Pathology and Molecular Biology
BRRI Gazipur, Bangladesh	Scientific Officer	1993 to 1999	Plant Pathology
IPSA, Gazipur, Bangladesh	National Science and Technology fellow	1991 to 1992	Plant Pathology

9. Interest on areas to conduct basic and advanced research

- a. Varietal improvement of rice against major diseases through marker assisted selection.
- b. Linkage and QTL mapping of biotic stresses and fragrance of plants.
- c. Gene pyramiding of rice disease resistance
- d. Studies on gene expression in plants, pathogens and insects
- e. Studies on population genetics and inheritance pattern of plant, pathogens and insects
- f. Identification of biotypes, pathotypes or physiological races of insect and pathogens using differential systems and molecular approaches
- g. Studies on genetic diversity of plants, pathogens and insects based on phenotypes and molecular markers.
- h. Studies on cryptic and sibling species based on molecular and host-plant Relationship
- i. Integrated pest management
- j. Studies on host-plant interaction with pathogens
- k. Sustainable rice disease management through nanoparticles

Above all areas are relevant to my scientific articles published in high impact factor journals

10. Supervision of post-graduate students:

National

Completed: 13

MS = 12 (as research supervisor)

PhD = 1 (as co-supervisor)

On-going: 4

PhD = 2 (as co-supervisor) and MS = 2 (as research supervisor)

International

Completed: 18

MS = 9 (2 as chairman and 7 as member)

PhD = 9 (as member)

11. Mentoring of post-doctoral fellows:

Completed: 04

12. Research/project activities & grants received: 21

Completed: 18

On-going: 3

Project leader of 4 projects, Project Director of 1 project, Principal investigators/Co-researchers of 16 projects

13. Publications:

Journal publication: 171

Citation Index journal (International Impact factor journal): 127

Index and non-Index national and international journal: 44

National and International project reports: 09

Book Chapter: 04

2 in Springer nature publications, 1 in Greenleaf Publishing in association with GSE Research, Brisbane, Australia and another in UPM press, Malaysia

Booklet: 07

Proceedings/Abstracts of National and International conference/seminars: 54

International Conferences/Seminars: 50

National Conferences/Seminars: 04

Bulletin and Folder for technology dissemination: 11

14. Award received (national/International): 13

Academic award: 2

MPOB best publication award: 2

Research and innovation award: 9

Among them Dr. **Latif** won National Professor Innas Ali Gold Medal Award 2021 from BAS for his outstanding research achievements in biological science.

15. Research leadership and contribution to nation, Institute and society:

Leading in the research field of Plant Pathology to increase rice productivity, as committee members of the professional society, expert reference, invited speaker, book editor, referee and member of different organizing committees.

16. Professional affiliation:

- a) Life Member of the Ecological Society of Bangladesh
- b) Life member of the Bangladesh association of Biotechnology and Genetic Engineering (BABGE),
- c) Member of the Genetics Society of Malaysia
- d) Life Member of the Phytopathological Society of Bangladesh
- e) Member of the Botanical Society of Bangladesh
- f) Member of the Crop Science Society of Bangladesh
- g) Member of the Bangladesh Association of Advancement of Science, Bangladesh
- h) Member, National Variety Evaluation Committee,
- i) Member, Krishibid Institution Bangladesh
- j) Member, Bangladesh bioinformatics and computational biology association

17. Scientific experiences and participation in seminars and symposia in home and abroad:

- i. Received post-doctoral fellowship on “gene pyramiding of rice brown planthopper and bacterial blight resistance through marker assisted selection” from February 2010 to January, 2012 in UPM, Malaysia.
- ii. Conducted research as a senior research fellow on “development of blast resistant rice varieties through molecular marker assisted selection” from May 2012 to April, 2014 in UPM, Malaysia.
- iii. Received special training on marker assisted breeding in Bangladesh Rice Research Institute in collaboration with IRRI from 18-27 November, 2008
- iv. Received training on Introduction to new developments in GxE analysis and interpretation of results in Bangladesh Rice Research Institute in collaboration with IRRI from 17-29 August, 1996.
- v. Participation of workshop on Participatory Variety Selection (PVS) and Participatory Plant Breeding (PPB) from 11-12 October, 2001.
- vi. Participation of workshop towards establishing property rights of BRRI released varieties from 17-18 March, 2003.

- vii. Participation and paper presented on “Evidence of sibling species in brown planthopper, *Nilaparvata lugens* complex” presented in 5th International genetics symposium and 3rd International rice functional genomics symposium, 19-23 November, 2005, Manila, Philippine
- viii. Participation and paper presented on “Development of a biological species in *Nilaparvata lugens* complex: An evolution” presented in 2nd International Rice Congress, 9-13 October, 2006, New Delhi, India.
- ix. Participation and paper presented on “Inheritance and association of malathion resistance in brown planthopper, *Nilaparvata lugens*.” Presented in Fifth International Conference on Plant Protection in the tropics, 15-18 March 1999, Kuala Lumpur, Malaysia
- x. Participation and paper presented on “Verification of components of the system of rice intensification (SRI) and comparison with best conventional management practices in Bangladesh.” Presented in World Rice Research Conference, 5-7th November, 2004, Tsukuba, Japan.
- xi. Participation and paper presented on “Screening of rice genotypes and management of ufra disease of rice”. Presented in “International Conference on Emerging Issues on Research and Development, April 4-6, 2007, Kathmandu, Nepal.
- xii. Paper presented and participate in Annual meeting and planning workshop of project Leveraging Diversity for Ecologically Based Pest Management (VERDE): Smart deployment of resistance genes and ecological engineering to prevent rice yield loss and reduce pesticide dependency.” held on 27-28 august, 2019 in Phnom Penh, Cambodia.
- xiii. Paper presented and participate in International Rice Congress (IRC) held on 15-17 October, 2018 in Singapore.
- xiv. Paper presented and participate in Annual review and planning workshop of the ICAR-IRRI collaborative project “Stress tolerance rice for Africa and South Asia (STRASA)” held on 30 April -03 May, 2018, in New Delhi, India.
- xv. Paper presented and participate in Inception meeting of project Leveraging Diversity for Ecologically Based Pest Management (VERDE): Smart deployment of resistance genes and ecological engineering to prevent rice yield loss and reduce pesticide dependency.” Held on 3 – 4 April, 2018, in Phnom Penh, Cambodia
- xvi. Paper presented and participate in Workshop for Blast Research Network and 7th International Rice Blast Conference held on 09-14 October 2016 in Philippines
- xvii. Paper presented and participate in International consultation workshop on wheat blast held on 26 – 27 july, 2016 in Kathmandu, Nepal
- xviii. Paper presented and participate in 6th International Conference on Plant, Pathogens and People-Challenges in Plant Pathology to benefit humankind” held on 23-27 February in New Delhi, India
- xix. Paper presented and participate in Annual meeting for the blast research network for stable rice production and the workshop for blast research network for stable rice production held on 27 September- 01 October 2015 in Kunming, China.

DETAILED CURRICULUM VITAE

I. PERSONAL DETAILS

Full Name:	MD. ABDUL LATIF
Position:	Chief Scientific Officer and Head
Department/Divison:	Plant Pathology Division Bangladesh Rice Research Institute
Current Address	Plant Pathology Division Bangladesh Rice Research Institute Gazipur-1701, Bangladesh
Email:	alatif1965@yahoo.com
Fax:	+88-029261110
Handphone:	+88-01715034095
Nationality:	Bangladeshi
Date of Birth:	30 th December 1965
Field of Specialization:	Plant Pathology and Molecular Biology (H-Index=36 google scholar, 24 scopus, 32 researchgate)
Web sites for publication informations:	Scopus Author ID: 22980446000 www.researchgate.net/profile/Latif_A http://scholar.google.com.my/citations?user=Md3jEaoAAAAJ&hl=en

Interest on areas to conduct research:

- a. Varietal improvement of plants against rice diseases through conventional breeding and marker assisted selection.
- b. Gene pyramiding of disease resistance
- c. Linkage and QTL mapping of biotic stresses
- d. Integrated pest management
- e. Studies on gene expression in plants, pathogens and insects
- f. Studies on population genetics and inheritance pattern of plant, pathogens and insects
- g. Identification of biotypes, pathotypes or physiological races of insect and pathogens using differential systems and molecular approaches
- h. Studies on genetic diversity of plants, pathogens and insects based on phenotypes and molecular markers.
- i. Studies on cryptic and sibling species based on molecular and host-plant relationship
- j. Studies on host-plant interaction with pathogens and insects
- k. Sustainable rice disease management through nanoparticles

Above all areas are relevant to my scientific articles published in high impact factor journals

Language:

Bangla, English, Bahasa Malaysia, Urdu, Arabic (Poor)

II. ACADEMIC QUALIFICATIONS

Qualification obtained	Institution	Year obtained	Area of Specialization
Doctor of Philosophy (PhD)	Universiti Putra Malaysia (UPM)	2001	Molecular Plant Pathology and Molecular Biology
Master of Science	Bangladesh Agricultural University (BAU)	1992	Plant Pathology
Bachelor of Agricultural Science	Bangladesh Agricultural University (BAU)	1987	Agriculture (Plant Pathology, Plant Breeding and Genetics and Entomology)

III. EMPLOYMENT EXPERIENCES

Employer	Designation and grade	Duration	Major areas of research
BRRI, Gazipur, Bangladesh	Chief Scientific Officer and Head	Till to date	Plant Pathology and Molecular Biology
UPM, Malaysia	Senior Research Fellow	May 2012 April 2014	Molecular Plant Pathology, and marker assisted selection for varietal improvement of rice
UPM, Malaysia	Principal Post-doctoral Researcher	Feb. 2010- January, 2012	Molecular Plant Pathology, and marker assisted selection for varietal improvement
BRRI, Gazipur, Bangladesh	Principal Scientific Officer	2006 to 2014	Plant Pathology and Molecular biology
BRRI, Gazipur, Bangladesh	Senior Scientific Officer	1999 to 2006	Plant Pathology and Molecular biology
BRRI Gazipur, Bangladesh	Scientific Officer	1993 to 1993	Plant Pathology
IPSA, Gazipur, Bangladesh	National Science and Technology fellow	1991 to 1992	Plant Pathology

IV. SCIENTIFIC EXPERIENCE AND TRAINING

Place of training/organization	Name of training/certificates	Duration	Grade
Universiti Putra Malaysia, 43400UPM, Serdang, Selangor, Malaysia	Development of blast resistant rice varieties through molecular marker assisted selection	May, 2012 to April, 2014	Satisfactory
Universiti Putra Malaysia, 43400UPM, Serdang, Selangor, Malaysia	Gene pyramiding of rice brown planthopper and bacterial blight resistance through marker assisted selection	February 2010 to January, 2012	Satisfactory
Bangladesh Rice Research Institute (BRRI) Gazipur-1701, Bangladesh (In collaboration with IRRI)	Marker assisted Breeding for Bangladesh	18-11-2008 to 27-11-2008	Satisfactory
Bangladesh Rice Research Institute, Gazipur-1701, Bangladesh	Rice production, Applied Research, Communication and Administration	03-12-1994 to 31-1-1995	A
BRRI, Gazipur-1701, Bangladesh	Participatory workshop towards establishing property rights of BRRI released varieties.	17-03-2003 to 18-03-2003	Satisfactory
Bangladesh Rice Research Institute, Gazipur-1701, Bangladesh	Introduction to new developments in GXE analysis and interpretation of results.	17-8-1996 to 29-8-1996	Satisfactory

BIRRI Regional Station, Comilla, Bangladesh	Participation of workshop on Participatory Variety Selection and Participatory Plant Breeding	11-10-2001	Satisfactory
Bangladesh Rice Research Institute, Gazipur-1701, Bangladesh	Identification, sampling and data collection of rice sheath blight disease complex	13-10-01 to 15-10-01	Satisfactory
Directorate of Agricultural Extension, Comilla, Bangladesh	Development Communication in Agriculture	12-5-02 to 13-5-02	Satisfactory
Rural Development Academy, Bogra, Bangladesh	Project Cycle Management	9-9-02 to 11-9-02	Satisfactory
BIRRI Gazipur and Regional Station, Comilla, Bangladesh	Success Case Replication	29-06-03 to 06-07-03	Satisfactory
Bangladesh Agricultural Research Council, Dhaka, Bangladesh	Technical Report Writing and Editing	10-12-2007 to 13-12-2007	Satisfactory
Bangladesh Academy for Rural Development	Administrative and Financial Management	8-03-2008 to 21-03-2008	Satisfactory
BARC, Dhaka, Bangladesh	Monitoring & Inspection of Confined Field Trial of Transgenic Crops, Bangladesh	03-06-2008 to 04-06-2008	Satisfactory
Bangladesh rice research institute, Cabinet Division & a2i Programme, ICT Division	Two day long "Mentoring" workshop	30-06-2019 to 01-07-2019	-

V. PARTICIPATION IN INTERNATIONAL SEMINARS AND SYMPOSIA

1. Paper presented on "Evidence of sibling species in brown planthopper, *Nilaparvata lugens* complex." In 5th International genetics symposium and 3rd International rice functional genomics symposium, 19-23 November, 2005, Manila, Philippines.
2. Paper presented as an invited speaker on "Development of durable blast, bacterial blight and Brown planthopper resistant varieties through marker assisted selection: Concept of differential systems and physiological races or biotypes." In first Plant Breeding Seminar, 3-5 July, ABI Serdang, Selangor, Malaysia.
3. Paper presented on "Development of a biological species in *Nilaparvata lugens* complex: An evolution." In 2nd International Rice Congress, 9-13 October, 2006, New Delhi, India.
4. Paper presented on "Verification of components of the system of rice intensification (SRI) and comparison with best conventional management practices in Bangladesh." In world Rice Research Conference, 5-7th November, 2004, Tsukuba, Japan.
5. Paper presented on "Inheritance and association of malathion resistance in brown planthopper, *Nilaparvata lugens*." In fifth International Conference on Plant Protection in the tropics, 15-18 March 1999, Kuala Lumpur, Malaysia.
6. Paper presented on "Biodiversity of upland and blast resistant genotypes using VNTR-PCR and SSR-PCR DNA fingerprints" In international Conference on Biotechnology" June 7-8, 2008, BARC, Dhaka, Bangladesh.

7. Paper presented on “Screening of rice genotypes and management of ufra disease of rice”. In international Conference on Emerging Issues on Research and Development, April 4-6, 2007, Kathmandu, Nepal.
8. Participated and paper presented on “Annual meeting for the blast research network for stable rice production and the workshop for blast research network for stable rice production” in Yunan Agricultural University, China, 27 th September to 1 st October, 2015.
9. Participated in IPS 6 th International Conference on “Plant, Pathogens and People” New Delhi, India, Feb. 23-27, 2016.
10. Paper presented and participate in Annual meeting and planning workshop of project Leveraging Diversity for Ecologically Based Pest Management (VERDE): Smart deployment of resistance genes and ecological engineering to prevent rice yield loss and reduce pesticide dependency.” held on 27-28 august, 2019 in Phnom Penh, Cambodia.
11. Paper presented and participate in International Rice Congress (IRC) held on 15-17 October, 2018 in Singapore.
12. Paper presented and participate in Annual review and planning workshop of the ICAR-IRRI collaborative project “Stress tolerance rice for Africa and South Asia (STRASA)” held on 30 April -03 May, 2018, in New Delhi, India.
13. Paper presented and participate in Inception meeting of project Leveraging Diversity for Ecologically Based Pest Management (VERDE): Smart deployment of resistance genes and ecological engineering to prevent rice yield loss and reduce pesticide dependency.” Held on 3 – 4 April, 2018, in Phnom Penh, Cambodia
14. Paper presented and participate in Workshop for Blast Research Network and 7 th International Rice Blast Conference held on 09-14 October 2016 in Philippines
15. Paper presented and participate in international consultation workshop on wheat blast held on 26 – 27 july, 2016 in Kathmandu, Nepal
16. Paper presented and participate in 6 th International Conference on Plant, Pathogens and People-Challenges in Plant Pathology to benefit humankind” held on 23-27 February in New Delhi, India
17. Paper presented and participate in Annual meeting for the blast research network for stable rice production and the workshop for blast research network for stable rice production held on 27 September- 01 October 2015 in Kunming, China.

VI. EXPARTISE/INTERST ON SUBJECTS TO TEACHING, RESEARCH SUPERVISION AND AFFILIATION WITH UNIVERSITY

To date, I am capable of development of courses and teaching of undergraduate and post-graduate students on basic and applied areas of agricultural sciences: Introduction to Plant Pathology, Mycology, Introduction Nematology/Bacteriology, Advances in Nematology/Bacteriology, Molecular Plant Pathology, Molecular Biology, Genetics of Microbes/Pathogens and Disease Resistance, Molecular Markers and Genetic Polymorphism, Gene Expression, Basic Plant Biotechnology, Research Methodology.

Names of Institute/University	Research or teaching activities	Joining date	Ending date
Universiti Putra Malaysia, Malaysia	External research supervisor	February, 2010	Till to date

Sher-E-Bangla Agricultural University, Bangladesh	Research supervisor	February, 2005	Till to date
Bangladesh Agricultural University	Research supervisor	November, 2003	Till to date
BSMR Agricultural University, Bangladesh	Research supervisor	January, 2009	Till to date
National University, bangladesh	Research supervisor	December, 2016	Till to date
International University of Business, Agriculture and Technology (IUBAT)	Research supervisor	Fall 2020	Till to date
Mawlana Bhashani Science and Technology University	Research supervisor	March 2021	Till to date
BRRI, Gazipur, Bangladesh	Trainer for the agriculturist and graduate of different private sectors: Course's name: Rice production technologies, Marker assisted selection, Genetic of plant plant pathogen and disease resistance	November, 1993	Till to date
International Angel Association funded by Japan, Gazipur, Bangladesh	Course Instructor, Courses: Rice production technologies, Rice diseases and its management	Decemver, 1995	November, 1996
UPM, Malaysia	Teaching of bachelor students for six hour per week as a Graduate assistant: Course name, Genetic polymorphism and practical classes	December, 1996	August, 2000

SUPERVISION OF POST- GRADUATE STUDENTS (National)

Sl. No.	Name of the student supervised & University	Level	Title of the thesis	Remarks
1	AKM Sajjadul Islam, BAU, Mymensingh	PhD	Screening of germplasm against bacterial blight (BB) and blast and development of BB and blast resistant rice varieties	On-going
2	A. K. M. Shafiqul Islam, BAU, Mymensingh	PhD	Biosynthesis and characterization of effective nanoparticles and application in controlling sheath blight disease of rice	On-going

3	Monura binte halim, Roll no. 2020 Ag. P. Path. JD-17M, Dept. of Plant Pathology, BAU, Mymensingh, Bangladesh	MS	Detection of blast and bacterial blight resistant genes in BRRI released rice varieties	On-going
4	Lutfur Rahman, Reg. No. BG-15019, Department of Biotechnology and Genetic Engineering, MBSTU, Tangail, Bangladesh	MS	Green synthesis of Zinc-Chitosan nanoparticles and management for bacterial blight disease	On-going
5	Anowara akter, BAU, Mymensingh	PhD	Screening and genetic diversity of bacterial blight resistant restorer lines and development of BB resistant restorer line in hybrid rice.	Completed (May, 2022)
6	Tapon Chandra Sen, Reg. No. BG-14035, Department of Biotechnology and Genetic Engineering, MBSTU, Tangail, Bangladesh	MS	Green synthesis of magnesium oxide and potassium nanoparticles and its <i>in-vitro</i> efficacy on <i>Xanthomonas oryzae</i> pv. <i>oryzae</i> causing bacterial blight disease of rice.	Completed (March, 2022)
7	Sanjita Rani Bhadra, Reg. No. BG-14034, Department of Biotechnology and Genetic Engineering, MBSTU, Tangail, Bangladesh	MS	Identification of bacterial blight resistant genes using molecular markers and pathogenicity test in BC3F3 generation derived from cross BRRI dhan81 and IRBB60.	Completed (March, 2022)
8	Md. Al-Imran Hasan, Roll No. 2017 P.path JD-06M, Department of Plant Pathology, BAU, Mymensingh, Bangladesh	MS	Analysis of genetic divergence of bacterial blight resistant genotypes using ISSR markers	Completed (June, 2019)
9	M. M. Rahman, Reg. No. 26226/00781, SAU, Dhaka, Bangladesh	MS	Morphological and molecular characterization of Tungro resistant genotypes.	Completed (June, 2007)
10	M. R. B. Talukder, Reg. No. 27550/00716, SAU, Dhaka, Bangladesh	MS	Screening of F ₂ populations and molecular characterization of ufra resistant genotypes.	Completed (June, 2007)
11	M. M. Rahman, Reg. No.00923, SAU, Dhaka, Bangladesh	MS	Morphological and molecular characterization of rice blast resistant genotypes.	Completed (Sept. 2008)

12	M. W. Ullah, Reg. No. 25144/00289, SAU, Dhaka, Bangladesh	MS	Varietal screening and management of rice ufra disease	Completed (June, 2006)
13	M. A. Rahman, Reg. No. 25287/00392, SAU, Dhaka, Bangladesh	MS	Studies on interaction among <i>Rhizoctonia solani</i> , <i>R. oryzae</i> and <i>R. oryzae-sativae</i> causing sheath diseases of rice	Completed (June, 2006)
14	M. B. Uddin, Roll no. 2004 Ag. P. Path. JJ-17M, Dept. of Plant Pathology, BAU, Mymensingh, Bangladesh	MS	Yield loss due to bakanae disease of rice and it's management	Completed (June, 2005)
15	M. Z. Islam, Roll no. 2004 Ag P. Path. JJ-38M, Dept. of Plant Pathology BAU, Mymensingh, Bangladesh	MS	Some epidemiological aspects and integrated management of sheath blight disease of rice.	Completed (June, 2005)
16	M. M. Haque, Roll no. JJ17/2003, Dept. of Agril. Extension Education, BAU, Mymensingh, Bangladesh (Co-supervisor)	MS	Farmer's innovation-decision pattern and constraints faced in adopting System of Rice Intensification (SRI)	Completed (June, 2004)
17	M. Gazi Salah Uddin, Reg. No. 26241/00795, SAU, Dhaka, Bangladesh	MS	Management of Bakanae disease through seed treating fungicides	Completed (June, 2010)

VIII. SUPERVISION OF POST- GRADUATE STUDENTS (International)					
No.	Position in Committee	Name of Student	Level	Thesis Title	Status
1	Member	Gous Miah, UPM, Malaysia	PhD	Development of Blast Resistant rice variety through marker assisted selection of MR219 x Pongsu Seribu 2	Completed
2	Member	Muhammad Mahmudul Hasan, UPM, Malaysia	PhD	Development of blast resistant rice variety through makers assisted backcross breeding between MR263 x Pongsu Seribu 2	Completed
3.	Member	Mahmood Reza Shabanimofrad, UPM, Malaysia	PhD	Detection and mapping of Brown Planthopper resistance QTLs in rice	Completed
4.	Chairman	Wendy Lau Chui Phing, UPM, Malaysia	PhD	Marker Assisted Backcross Breeding for Improvement of Fragrance Characteristic in Local Rice Variety MR269	Completed

5.	Member	Fahim Ahmed, UPM, Malaysia	PhD	Development of submergence tolerant rice variety through marker assisted backcross breeding	Completed
6.	Member	Farahnaz Sadat-Golestan-Hashemi, UPM, Malaysia	PhD	Molecular dissection and QTL mapping of aroma trait in aromatic rice using microsatellite markers	Completed
7.	Member	Parisa Azizi, UPM, Malaysia	PhD	Development of Rice Variety Resistant to Blast Disease Through Transferring <i>Pi-k^h</i> Gene	Completed
8.	Member	Ibrahim Wasiu Arolu, UPM, Malaysia	PhD	Markers assisted selection for high yielding and dwarfness in oil palm	Completed
9.	Member	Tanweer Fatah, UPM, Malaysia	PhD	Cloning of QTL and development of blast resistant rice variety through Marker Assisted Backcrossing	Completed
10	Chairman	Mohammad Yadegari Khouzani, UPM, Malaysia	Master with thesis	Development of high yielding hybrid watermelon variety through marker assisted selection	Completed
11.	Member	Welland Cosmas Mojulat, UPM, Malaysia	Master with thesis	Analysis of simple sequence repeat markers linked with MR263 × Submergence tolerance rice Swarna-Sub1	Completed
12.	Member	Iffah Haifaa binti Mat Deris, UPM, Malaysia	Master with thesis	Molecular Characterization and Identification of Brown Planthopper (BPH) Biotypes in Peninsular Malaysia	Completed
13.	Member	Maya Izhar Khaidizar, UPM, Malaysia	Master with thesis	Genetic Diversity of <i>Citrus</i> species in Peninsular Malaysia.	Completed
14.	Member	Usman Magaji, UPM, Malaysia	Master with thesis	Identification of heat tolerant genotypes of chilli pepper based on cell membrane thermostability and expression of Heat Shock Protein (HSP) genes	Completed
15.	Member	Saba Jasim, UPM, Malaysia	Master with thesis	Genetic Diversity of Aromatic Rice using Quantitative Traits and Simple Sequence Repeats (SSR) Markers	Completed

16.	Member	Zakiah Binti Mohd Zuki, UPM, Malaysia	Master with thesis	Marker assisted selection for bacterial leaf blight in rice (<i>Oryza sativa</i> cv. MR219)	Completed
17	Member	Shyful Azizi Bin Abdul Rahman, UPM, Malaysia	Master with thesis	Ecophysiological effect of water input strategies in different growth phases of rice (<i>Oryza sativa</i>) using isotopic technique	Completed
18	Supervisor	Abdinasir Mohamed Adan, IUBAT, Bangladesh	Bachelor with Thesis	Screening and identification of rice bacterial blight resistant genes in BC3F2 population derived from BRR1 dhan81 and IRBB58 cross	Completed

IX. MENTORING OF POST- DOCTORAL FELLOW (COMPLETED)

No	Name of post-doctoral fellows	Vanue and Duration	Title of research projects
1	Dr. Md. Jahangir Alam	ITA, UPM, Malaysia, October 8, 2013 to March 27, 2014	Identification of Rice Brown Planthopper Biotypes, <i>Nilaparvata lugens</i> Through Molecular Markers and Differential varieties in Malaysia
2	Dr. Md. Abul Kashem	ITA, UPM, Malaysia, September 28, 2013 to March 27, 2014	Identification of Major Diseases of Rice Using Nuclear and Molecular Techniques
3	Dr. Md. Shahidul Islam	ITA, UPM, Malaysia, September 28, 2013 to March 27, 2014	Seed Technology, Agronomic Management and Molecular Techniques
4	Dr. Mohammad Ibrahim Khalil	ITA, UPM, Malaysia, September 28, 2013 to March 27, 2014	Expression of blast resistant gene in F ₃ families of rice derived from Pongsu Seribu1 x MR 263

X. RESEARCH GRANTS AND ACHIEVMENTS

Research Grants

No.	Project No.	Project Title	Role	Year	Source/type of fund	Status
1	213034201	Strengthening research activities on management of major rice diseases (blast, bacterial blight, sheath blight and tungro) in changing climate (PPNB)	Project Director	7/2019-6/2022	GoB	On-going

No.	Project No.	Project Title	Role	Year	Source/type of fund	Status
2	TF 71-C/20	Sustainable management of blast, sheath blight and bacterial blight diseases of rice through nano-particles (NPs)	Principal Investigator	12/2020-11/2023	KGF	On-going
3	TRB project	Transforming rice breeding (Plant Pathology component)	Principal Investigator	12/2016-11/2024	Bill and Melinda gates foundation	On-going
4	JIRCAS project	Genetic improvement of rice breeding materials and technology for blast studies in Bangladesh	Principal Investigator	1/2018-12/2021	JIRCAS, JAPAN	On-going
5	BAS-USDA PALS BRR1 CR-03	Identification of races and development of durable resistant variety for bacterial blight (BB) through marker assisted selection (MAS)	Principal Investigator	4/2017-3/2020	BAS	Completed
6	BR2-C/17	QTL and linkage mapping of rice tungro resistance	Principal Investigator	3/2017-2/2020	KGF	Completed
7	IBM project	Integrated management of blast disease for enhancing rice production in relation to climate change	Principal Investigator	7/2017-6/2018	Govt., Bangladesh	Completed
8	Id-091	Identification of novel resistant gene(s), gene pyramiding and sustainable management of bacterial blight (BB) disease of rice	Principal Investigator	1/2018-12/2020	NATP Phase 2	Completed
9	BMZ project	Leveraging Diversity for Ecologically-based Pest Management (VERDE): Smart deployment of resistance genes and ecological engineering to prevent yield loss	Principal Investigator	1/2018-12/2020	BMZ, Germany	Completed

No.	Project No.	Project Title	Role	Year	Source/type of fund	Status
		and reduce pesticide dependency				
10	GP-IPS/2013/93 91400	Marker assisted backcross breeding for the improvement of fragrance characteristic and amylose content in local rice variety MR269	Project Leader	11/2013-10/2015	Universiti Putra Malaysia/GP-IPS	Completed
11	01-02-12-2033RU	Identification of biotypes of rice brown planthopper, <i>Nilaparvata lugens</i> through molecular markers and differential systems in Malaysia	Project Leader	9/2012-8/2013	Universiti Putra Malaysia/RUGS Public fund	Completed
12	SP3602	Extension of the system of rice intensification through verification.	Co-ordinator and Principal investigator	(2001-2004)	PETRRR/DFID /UK	Completed
13	FRGS/1/2012/STWNO3/UPM/02/2	Identifaction and characterization of heat shock proteiens (HSPs) in chili paper (<i>Capsicum annuum</i> L.) and their utilization for hybrid variety development	Researcher	5/2013-4/2014	Ministry of Higher Education, Malaysia/ Public fund	Completed
14	IAEA CRP/17526	Evaluation and selection of rice mutants/varieties for utilization to increase Yield and production, and for quality fodder	Researcher*	9/2012 - 8/2014	International Atomic Energy Agency (IAEA)/ International fund	Completed
15	UMB/6379700	Development of high yielding and dwarf oil palm planting material through conventional and markers assisted selection (MAS)	Researcher	1/2012-12/2014	United Malacca Berhad, Malaysia/ private fund	Completed
16	UPM/700-2/1/LRGS/01-11-P5	Development of submergence tolerant rice varieties through marker assisted selection (MAS)	Researcher*	7/2011-6/2014	Ministry of Higher Education, Malaysia/ Public fund	Completed

No.	Project No.	Project Title	Role	Year	Source/type of fund	Status
17	FRGS/1/11/STWN/UPM/02/24	Linkage and QTL mapping of brown planthopper resistance in rice	Researcher*	8/2011-7/2013	Ministry of Higher Education, Malaysia/ Public fund	Completed
18	01-01-11-1334RU	Gene Pyramiding of Rice Brown Planthopper (Bph) and Bacterial leaf Blight (BLB) resistance through markers assisted selection (MAS)	Researcher*	4/2011-4/2013	Universiti Putra Malaysia/ RUGS Public fund	Completed
19	UPM/700-2/1/LRGS/01-11-P1	Development of Blast resistant rice varieties through marker assisted backcross breeding	Researcher*	7/2011-6/2014	Ministry of Higher Education, Malaysia/ Public fund	Completed
20	ADB project	Development of root knot resistant aerobic rice varieties	PI (Plant Pathology Component)	July, 2015-June 2016	Asian Development Bank	Completed
21	IAPP Project	Integrated disease management and quality rice seed production	PI (Plant Pathology Component)	July, 2014-June 2016	World Bank	Completed

*Projects were written by me (a foreigner cannot be a leader of such project)

b). Research Achievements

1. QTL and linkage mapping for tungro resistance in bangladesh in 2018-2020
2. Identification of physiological races of *Xanthomonas oryzae* pv. *oryzae* throughout Bangladesh and its distribution.
3. Development of Blast and Bacterial blight resistant advance lines in the background of BRR1 released popular varieties.
4. QTL mapping of partial blast resistance in local Malaysian cultivar, Pongsu Seribu in 2011-2012
5. Ultrastructure and morphometrics of *Ditylenchus angustus* (Butler, 1913) in 1993.
6. Evidence sibling species complex in rice brown planthopper using allozymes, molecular markers and host-plant interaction studies in 1996-2000.
7. Inter-population crosses, inheritance study and genetic variability in brown planthopper,

Nilaparvata lugens (Homoptera: Delphacidae) complex in 1998-1999

8. Genetic dissection of two sympatric populations of brown planthopper, *Nilaparvata lugens* (Stål) using DALP-PCR molecular markers
9. Validation of system of rice intensification in 2002-2004.
10. Microsatellite and minisatellite markers-based DNA fingerprinting and identification of blast and ufra resistant genotypes in 2005-2006.
11. Inheritance studies of SSR and ISSR molecular markers and phylogenetic relationship of rice genotypes resistant to tungro virus in 2007-2008.
12. Successful use of SSRs for marker assisted selection for blast resistance in rice
13. QTL and linkage mapping of rice brown planthopper resistance and fragrant characteristics in 2012-2013
14. Development of high yielding and quality, and tolerance to biotic and abiotic stresses rice varieties are in progress

53. Kader, Md & Biswas, Partha & Ahmed, Helal & Hossain, Md & Islam, Md. Rafiqul & Bari, Md & Siddiquee, Muhammad & Hore, Tapas & Haque, Md. Maksudul & Amin, Al & Khairul, Md & Bhuiyan, Alam & Ali, Panna & Monsor, Md & Iqbal, Mosud & Shozib, Habibul & Ferdous, Nilufa & Hossain, **Mohammad** & Islam, Aminul & MacKenzie, Donald. (2018). Updates of Golden Rice Research in Bangladesh.
54. Khan, Mohammad & **A. Latif** & Bhuiyan, Md. Rejwan & Rashid, Md & Monsur, Mohammad & Ali, Md. (2020). Conference paper Blast JIRCAS-FFTC 18.9.2020.

e). Book Chapters

1. Ahmed, F., Abro, T. F., Kabir, M. S., & **Latif, M. A.** (2020). Rice quality: Biochemical composition, eating quality, and cooking quality. In *The Future of Rice Demand: Quality Beyond Productivity* (pp. 3–24). Springer International Publishing. https://doi.org/10.1007/978-3-030-37510-2_1
2. W.C.P. Lau and **M.A. Latif.** 2018. Chapter 12. Current Breeding Approaches for Developing Rice with Improved Grain and Nutritional Qualities. In *Quality Breeding in Field Crops* edited by AMI Qureshi et al. Publisher Springer-Nature
3. Rafii M.Y. Bahari M., Saleh G., **Latif M.A.** (2011). Chapter 4: Combining Ability in Relation to

Diallel Crosses of Watermelon, *Citrullus lanatus* (Ed. Wan Nordin et al.). Recent Advances In Crop Science, Universiti Putra Malaysia Press, pp52-63.

4. S. Akter, M. A. T. Mia, M. S. Kabir, and **M. A. Latif** (2007). Effect of sheath rot (*Sarocladium oryzae*) on rice seed health. "World Sustainable Development Outlook 2007: Knowledge management and sustainable development in the 21st century, Pp. 210-215. DOI: https://doi.org/10.9774/GLEAF.978-1-909493-72-8_20. Publisher: Greenleaf Publishing in association with GSE Research, Brisbane, Australia.

f). Booklets

1. **Latif M. A.**, M. S. Kabir, N. R. Sharma and M. A. Hossain (2007). Integrated management of five major diseases of rice. (Dhaner pachtı prodhan roger somonnito babostapona- in Bangla). 1st edition, published by Bangladesh Rice Research Institute (BRRI), Gazipur 1701, Bangladesh. BRRI Press.
2. **Latif M. A.**, M. M. Rahman and M. A. Taher Mia (2006). Sheath blight disease complex in the field and its management (Mathe sheath blight ba kholpora roger jatilota o tar pratikar- In bangla). 1st edition, published by Bangladesh Rice Research Institute (BRRI), Gazipur 1701, Bangladesh, BRRI Press.
3. MA Kashem, MKA Bhuiyan, MM Nasim, MSS Haque, **MA Latif** et al., 2017. Boro rice cultivation method and its management. 1st edition, published by Bangladesh Rice Research Institute (BRRI), Publisher: Director General, BRRI Gazipur-1701.p79.
4. M.A. Badshah, MAI Khan, M.N. Bari, **MA Latif** et. al 2017. Steps for safe boro cultivation in haor areas. 1st edition, published by Bangladesh Rice Research Institute (BRRI), Publisher: Director General, BRRI Gazipur-1701
5. M. A. Ali, M. M. Kamal, **M. A. Latif**, and T.H. Ansari (2016). Rice diseases. In: Problems of rice cultivation: (Dhan Chaser Somosya: Ditho ansho, Dhaner rog balai- in Bangla). 5th edition, published by Bangladesh Rice Research Institute, Publisher: Director General, BRRI Gazipur-1701.
6. Islam MS, Islam MR, Haque MSS, Kashem MA, **Latif MA**, Iftekharuddaula K.M. and Halder KP, 2020, Things to Do for Increasing Yield of Boro Rice, 1st Edition, 32 pages, published by Bangladesh Rice Research Institute (BRRI)
7. Biswas JK, Kabir MS, Latif MA and Kashem MA (2014), About BRRI: a very short introduction, published by Bangladesh Rice Research Institute (BRRI)

f). Bulletins and folders for technology dissemination

1. Jahan, Q. S. A., **M. A. Latif**, A. Haque, M.K.A. Bhuiyan and MA ALI (2016). Steps for farmers to control rice blast disease (Dhaner blast rog domone kreshoker koronio -in Bengali). Plant Pathology Division, BRRI Gazipur-1701. Funded by PGB Project.
2. Jahan, Q. S. A., **M. A. Latif**, A. Haque, M.K.A. Bhuiyan and MA ALI (2016). Steps for farmers to control rice sheath disease (Dhaner sheath blight rog domone kreshoker koronio -in Bengali). Plant Pathology Division, BRRI Gazipur-1701. Funded by PGB Project.
3. Jahan, Q. S. A., **M. A. Latif**, MM. Haque, MA ALI, MA Monsur, and M.K.A. Bhuiyan (2017). Application of tricho-compost to manage sheath blight disease of rice (Tricho-compost proyog kore dhaner sheath blight rog domone -in Bengali). Plant Pathology Division, BRRI Gazipur-1701. Funded by PGB Project.

4. **Latif, M. A** and M. R. Islam (2003). Rice stripe: A newly recorded viral disease in Bangladesh. *SAIC Newsletter*, Vol. 13 (4), p. 9.
5. **Latif, M. A**, K. M., Iftekharuddaula and M. Y. Ali (2003). Rice field crab, *Somanniathelphusa sexpunctata*: a treat to rice production in Bangladesh. *SAIC Newsletter*, Vol. 13 (3), p. 5.
6. **Latif, M. A.**, M. A. Kader, M. A. Hossain and P. K. S. Ray (2004). Rice blast disease and its control measures (Dhaner blast rog o tar protikar -in Bengali). BIRRI Regional Station, Comilla. Funded by PETRRA/DFID.
7. **Latif, M. A.**, M. A. Kader, M. A. Hossain and P. K. S. Ray (2004). Bakanae: A harmful and major disease of rice (Bakanae: dhaner ekti khotikarok abong prodhan rog-in Bengali). BIRRI Regional Station, Comilla. Funded by PETRRA/DFID.
8. **Latif, M. A.**, M. Y. Ali and M. H. Rashid (2004). An improved rice cultivation package for low lying areas in boro season (Unnata Paddhatite nimno plabon bhumite boro dhan chas- in Bengali). BIRRI Regional Station, Comilla. Funded by PETRRA/DFID.
9. Sarker, ABS and **M. A. Latif** (2003). Rice production in System of Rice Intensification (SRI) practices- a new technology for resource poor farmers (Bangladeshe SRI paddhatite dhan chas- daridra krishoker dhan utpadan briddir ek natun sambhabona- in Bangla). Published and funded by PETRRA, IRRI, Bangladesh.
10. Ahmed, GJU, K. A. Bhuiyan, M. A. Badsha, **M. A. Latif**, C. Riches, and M. Mortimer. (2002). Weed management in rice cultivation (Dhan khate Agacha Daman-in Bangla). Published by Director General, BIRRI Gazipur-1701 with the collaboration of BIRRI, NRI (UK) and IRRI.
11. Ahmed, GJU, K. A. Bhuiyan, M. A. Badsha, **M. A. Latif**, C. Riches, and M. Mortimer. (2002). Cost-effective weed management in intensive rice cultivation. (Nibir Dhan Chase karjakori bhabe Agacha Daman-in Bangla). Published by Director General, BIRRI Gazipur-1701 with the collaboration of BIRRI, NRI (UK) and IRRI.

XII. AWARDS

a) Academic Awards

1. National Science and Technology Fellowship award from Ministry of Science and Technology, Peoples Republic of Bangladesh for MS program in March, 1991
2. Graduate Assistantship award from University Putra Malaysia for PhD program in December, 1996

b) MPOB Best Publication Awards

3. Malaysian Plum Oil Board Best Publication 2012
Noh A, Rafii, M.Y., Saleh, G.B., Kushairi, A., **Latif, M.A.** (2012). Genetic performance and general combining ability of oil palm Deli *dura* × AVROS *pisifera* tested on inland soils. *The Scientific World Journal* Volume 2012, Article ID 792601, 8 pages
4. Malaysian Plum Oil Board Best Publication 2011
Norziha, A., Rafii, M.Y., Maizura, I., Saleh. G., **Latif, M.A.** (2011). Genetic variability of oil palm parental genotypes and performance of its progenies as revealed by molecular markers

b) Research Exhibition and Innovation Awards

5. **Latif MA** won National Professor Innas Ali Gold Medel Award 2021 from BAS for his outstanding research achievements in biological science.
6. Biswas P.S, Sarker RA,, Latif MA *et al*, Irrigated and Cold Tolerance Rice Breeding Team, TRB-BRRI Project Annual Award (2019)
7. Khatun M, Latif MA *et al*, Transplanted Aus and Disease Resistance Breeding Team, TRB-BRRI Project Annual Award (2017)
8. Rafii, M.Y., Noh, A., Kushairi, A., Saleh, G., **Latif, M.A.** Elite Pisifera pollen for commercial D × P oil palm seed production Pameran Reka Cipta, Penyelidikan dan Inovasi Malaysia 2012. Silver Medal
9. Rafii, M.Y., Bahari M.M., Saleh, G., **Latif, M.A.** BL-4 ×6372-4: A new potential F₁ Watermelon hybrids. Pameran Reka Cipta, Penyelidikan dan Inovasi Malaysia 2012. Silver Medal
10. Rafii, M.Y., Sohrabi, M., Hanafi, M.M., Siti Nor Akmar, A. **Latif, M.A.** Genetic diversity of Malaysian Upland Rice revealed by quantitative traits and microsatellite polymorphism. Pameran Reka Cipta, Penyelidikan dan Inovasi Malaysia 2012. Bronze Medal
11. Rafii, M.Y., Mahmoodreza Shabanimofrad, Puteri Edorawati Megat Wahab and **Latif, M. A.** A comparative analysis of genetic diversity among 48 *Jatropha curcas* accessions in Peninsular Malaysia based on morphological and RAPD markers. Pameran Reka Cipta, Penyelidikan dan Inovasi Malaysia 2011. Bronze Medal
12. Rafii, M.Y., Mahmoodreza Shabanimofrad, Puteri Edorawati Megat Wahab and **Latif, M. A.** Diversity of physic nut (*Jatropha curcas*) in Peninsular Malaysia: Application of DIVA-Geographic information system and cluster analysis. Pameran Reka Cipta, Penyelidikan dan Inovasi Malaysia 2011. Bronze Medal
13. **Latif, M.A.** Certified by BRRI-IRRRI-DFID for outstanding contribution to innovation in rice research for resource-poor farmers of Bangladesh in 2004. Medal for outstanding contribution.

XIII. PROFESSIONAL AFFILIATION

1. Life member of the Bangladesh association of Biotechnology and Genetic Engineering (BABGE),
2. Member of the Genetics Society of Malaysia
3. Life Member of the Phytopathological Society of Bangladesh
4. Member of the Botanical Society of Bangladesh
5. Member of the Crop Science Society of Bangladesh
6. Member of the Bangladesh Association of Advancement of Science, Bangladesh
7. Member, National Variety Evaluation Committee,
8. Member, Krishibid Institution Bangladesh
9. Member, Bangladesh Bioinformatics and Computational Biology Association

XIV. Professional activities

a). Editorial activities

Post/services	Journal	Status	Year
Academic editor	Biomed research international, USA	International	2020- To date
Editor	Genetics and Molecular Research, Brazil	International	2017- 2019
Associate editor	Bangladesh Rice Journal	National	2014- To date
Treasurer	Bangladesh Phytopathological Society, Bangladesh	National	2009-2010
Editor	Program and abstract book committee of UPM-Shizuoka University International Colloquium	International	30 January- 3rd March 2014

b) Invited as resource speaker for different types of training/teaching/radio programme

1. Invited as resource speaker of the training programme (2 months, 1 months and 7 days rice production training) for BIRRI scientists, scientific assistants, fram managers etc.
2. Invited as resource speaker for the training programmes of NATA, BARC, BARI etc.
3. Invited as resource speaker for extension personnels of DAE and farmer's training on Rice Production specially on disease management.
4. Invited as resource speaker for NGO personnels (*i.e.*, ACI, Lalteer, Supreem seed etc.) on rice diseases and its management.
5. Participated in radio and TV programme on rice cultivation specially on rice diseases and its management.

c) Expert member of board of studies/Research review workshop

Post/Services	Areas/Committee	Status	Year
Member	Academic Council Chandpur Science and Technology University, Chandpur appointed by honourable Chancellor	National	2022 till date
External Expert Member	Syllabus and Examination Committee, Dept. of Applied Nutrition & Food Technology, Islamic University, Kushtia.	National	2021 till date
Expert member (Pest mangement)	Internal research review workshop, BMWRI	National	2022 -till date

Expert Member	Board of Studies, Department of Plant Pathology, BAU	National	2015 to 2016
Expert member (Pest mangement)	Internal research review workshop, BINA	National	2014 -till date
Expert member (Pest mangement)	Internal research review workshop, BSRI	National	2014 -till date
Expert Member (Disease managemnt)	Technical committee for BRRRI Rice Doctor (Website and Apps)	National	2015-2019

XIV. REFEREES

1. Prof. Dr. Mohd Rafii Yusop,

Professor of Plant Breeding and Genetics

Head, Laboratory of Food Crops, Institute of Tropical Agriculture,

Universiti Putra Malaysia, 43400 UPM Serdang, Selangor, Malaysia,

Email: mrafii@upm.edu.my; Tel: +60193096876

2. Dr. Md. Shahjahan Kabir

Director General (Current Charge)

Director General, Bangladesh Rice Research Institute (BRRRI),

Gazipur-1701, Bangladesh

Email: dg@brrri.gov.bd

Tel: +88029263815

Fax: +88029261110

3 Dr. Shaikh Mohammad Bokhtiar

Executive Chairman

Bangladesh Agricultural Research Council

Farmgate, Dhaka – 1215, Bangladesh

Phone: +880-2-9135587, +880-2-9110842

Fax: +880-2-9128061, +880-2-8110924

Email: ec-barc@barc.gov.bd, info@barc.gov.bd
